

Latvian WHO Collaborating Center for Research and Training in
Management of Multidrug-Resistant Tuberculosis

3rd

TB WEBINAR

December 10, 2020

11:30 - 15:30 EET

3rd TB webinar is organized as a part of the Baltic States TB symposiums to strengthen the cooperation between three Baltic countries in exchange of clinical experiences, establishing common approaches in TB control, as well as advocating for TB priority areas in the countries.

OBJECTIVES OF THE WEBINAR

- To discuss the priority actions to strengthen the Baltic countries TB control programs and help countries to improve national responses to the COVID-19 pandemic
- To build the capacity of TB clinicians in the provision of anti-TB treatment, in line with the latest WHO guidelines and evidence
- To introduce the best practices in the use of video supported TB treatment solutions in support of TB patients

TARGED AUDIENCE

TB clinicians, TB nurses and other public healthcare staff involved in TB patients care

LANGUAGE

English with simultaneous interpretation into Russian
